Working together to protect Lake Simcoe: for our future

Small businesses can do big things. It's businesses like yours that have built the local economy and it's you who can make it even greater - and greener.

We all love Lake Simcoe for its natural beauty. That's why we choose to live and work here, and it's why visitors keep coming back - to enjoy the pristine waters and outdoor recreation. In light of climate change and dwindling resources, we know we must protect Lake Simcoe, the very

The Path to Sustainability

Since the July newsletter, Explore Lake Simcoe (ELS) has met with a number of businesses located in the Lake Simcoe watershed that integrate sustainability into their daily operations. The ELS project exists to work with and expand the...

resource our tourism industry depends on.

This means taking responsibility for the impact of your business on the environment. Simple, low-cost actions to incorporate sustainability practices will reduce your operating costs and carbon footprint.

Together, we can move Lake Simcoe towards becoming a climate-friendly community. Your pocketbook will thank you and so will your customers. Did we also mention it's the right thing to do?

To see where you can improve on your triple bottom line download the free **Green Tourism Toolkit**.

You can request one specific to your sector.

Lefroy Harbour Resorts Upgrades to Clean Marine 5 Anchor Platinum

"The lake is our future" said Linda Ellery, Manager of Lefroy Harbour Resorts, as we concluded our tour of the resort in an electric golf car. Linda's statement is reflected in the business decisions made at Lefroy Harbour...

Dickey Bee Honey's Sustainable Building

When the decision was made to build a new Dickey Bee Honey teaching facility, both the environmental mission of the business and the bottom line were considered. Energy efficiency was top-of-mind during the initial construction and subsequent expansion....
